

IMPORTANT INFORMATION – RETAIN WITH YOUR TAX PAPERS

February 24, 2015

Dear Golden Growers Member:

For 2014, Golden Growers had net taxable income of \$7,956,290 which must be allocated to our members in proportion to their patronage during the year. **The Board of Directors has declared an allocation of \$0.5136 per bushel delivered in 2014.** An “allocation” is your share of the taxable income, NOT a cash distribution. You should have already received an IRS Schedule K-1 indicating the amount of your 2014 allocation, and you are responsible for any tax liability on your share of the allocation. This allocation is in the form of equity credits.

The Board also approved a cash distribution of \$0.21 per delivered bushel, or 40.89% of the allocation. A check for that amount is enclosed. This distribution is a partial retirement of the calendar year 2014 equity credits, and is not typically taxable.

If you delivered corn in 2014 by Method A (Direct Delivery), you have already received a check for \$0.05 for each bushel delivered. This was the Incentive Payment you earned for 2014 and it will have a different tax effect than the distribution.

If you delivered corn in 2014 by Method B (Agency Delivery), you will note that \$0.02 has been deducted from your distribution for each bushel delivered. This is the Agency Fee for 2014, and it also will have a different tax effect than the distribution.

Note: Members who transferred Units paid the agency fee (Method B) during the transfer process so it is not deducted from this distribution. Further, allocations of income reflected on the Schedule K-1, were issued to the Member who transferred Units effective in 2015.

If you are an individual member and do not reside in North Dakota, state law requires us to withhold 3.22% of your taxable income (reported on K-1) for nonresident state income tax. Non-North Dakota members should consult a tax advisor about their North Dakota income tax filing obligation and how to claim their nonresident withholding credit.

Note: Units acquired from a non-ND resident will also carry this withholding obligation.
