Dear Golden Growers Member:

For 2018, Golden Growers had net taxable income of **\$7,811,471** which must be allocated to our members in proportion to their patronage during the year. **Accordingly, the Board of Directors has declared an allocation of \$0.5043 per bushel delivered in 2018.** An “allocation” (in the form of equity credits) is your share of the taxable income; it is NOT a cash distribution. The IRS Schedule K-1 you receive indicates the amount of your 2017 allocation. You are responsible for any tax liability on your share of the allocation.

**The Board also approved a cash distribution of \$0.152 per delivered bushel, or 30% of the allocation. A check for that amount is enclosed.** This distribution is a partial retirement of the calendar year 2018 equity credits, and is not typically taxable.

If you delivered corn in 2018 by Method B (Agency Delivery), you will note that \$0.02 has been deducted from your distribution for each bushel delivered. This is the Agency Fee for 2018, and it will have a different tax effect than the distribution.

*Note: Members who transferred Units paid the agency fee (Method B) during the transfer process. Agency fees on transferred units not deducted from this distribution. Further, allocations of income, reflected on the Schedule K-1, were issued to the Member who transferred Units effective in 2017.*

If you are an individual member or a ‘pass-through’ tax entity and do not reside in North Dakota, state law requires us to withhold 2.9% of your taxable income (reported on K-1) for nonresident state income tax.

**Golden Growers is not qualified to provide, and this letter does not constitute, tax advice.** Contact a qualified tax advisor with any questions about tax documents or the tax effect of payments or charges from Golden Growers. **Please retain this letter with your tax papers and share it with your tax advisor.**
