<b>Earnings per Unit</b>	<b>\$0.47</b>	<b>\$0.41</b>	<b>\$0.59</b>

### **Financial Review**

Golden Growers Cooperative is an agricultural cooperative owned by 1531 members who reside primarily in Minnesota, North Dakota, and South Dakota. The cooperative was created in 1994 to own a 49 percent interest in ProGold Limited Liability Company. Golden Growers has one partner in ProGold. American Crystal Sugar Company of Moorhead, Minnesota owns 51%.

ProGold LLC entered into a third lease with Cargill, Inc., to operate the ProGold corn wet-milling facility near Wahpeton, North Dakota effective January 1, 2018 for five years. The lease will expire on December 31, 2022 unless an optional sixth year is triggered. Under this agreement, ProGold retains ownership of the facility and receives rent of \$17.5 million for 2018-9, \$16 million for 2020, \$15.5 million for 2021-2, and \$14 million in the optional 6th year of 2023. ProGold has also committed \$750,000 per year for infrastructure maintenance. ProGold may also be required to pay for capital improvements during the lease period. ProGold is essentially debt free.

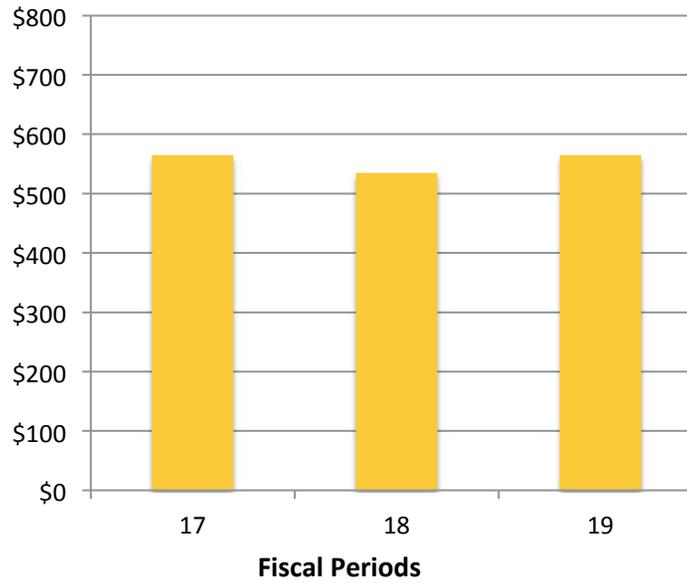

Golden Growers is registered as a Minnesota cooperative governed by Minnesota statute 308B. The financial reports presented in this document reflect audited financial reports for the periods ending December 31, 2019, 2018, and 2017.

For the year ended December 31, 2019, Golden Growers had net income of \$7,235,000, compared with a net income of \$6,421,000 for 2018, and \$9,182,000 for 2017.

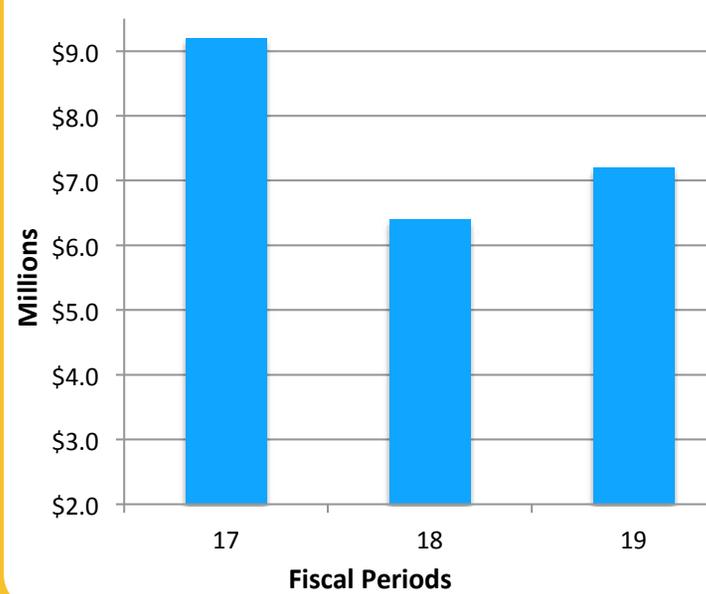

ProGold's fiscal year ends on August 31st. Adjusted for the calendar year, ProGold's net income for the twelve months ending December 31 of 2019 was \$15,630,000 compared to \$14,131,000 for calendar year 2018, and \$19,968,000 for calendar year 2017.

Increases in net income for Golden Growers and ProGold are primarily attributable to increases in ProGold's lease revenue from Cargill in 2019 compared to 2018.

## Keeping the Flame Burning

This spring marks the 25th year since Golden Growers Members first met to elect their governing Board of Directors. It was May and members of the organizing board had reason to feel positive. After all, over the past year, nearly all of the local agricultural news revolved around the effort to build the first corn milling plant in the region. They had the attention of three states that spent considerable time trying to woo the plant to be located within their borders. Over two thousand members contributed fifty-four million dollars to capitalize the cooperative. Finally, site preparation had begun and dedication ceremony was held.

We can only imagine how the Board must have felt at that time. Despite the hard, complicated work ahead, things were looking up. It seemed that they had lit a flame on behalf of farmers who desperately wanted to get involved in adding value to their production. The hope was not only for success of this venture, and the possibility of future expansion, but that this project would be a template for others to follow.

As we know today, plans took a detour and there were days when this 'figurative' flame dimmed and there was fear that it would die out completely. Fortunately, that original Board along with ProGold leadership were able to identify a way forward. Farmers would not be operating the plant, but their investment was not lost. As of today, Golden Growers has issued distributions of more than 200% of the original investment. The flame continues to burn.

As we look forward, ProGold and Golden Growers continues to have confidence in the future of the plant. That's why they decided to replace the Distributive Control System, repair the tube sheet dryer, and invest in infrastructure not related to daily plant operations.

Nonetheless, challenges lie ahead. One of the more significant challenges relates to the supply of natural gas. The current gas supply coming from the east, is oversubscribed. When cold weather arrives, industrial users, like ProGold, are required to curtail production. Curtailment is occurring more frequently and every additional user between Wahpeton and Vergas, MN makes the problem worse. More importantly, new opportunities at the ProGold site or within the Wahpeton area can't occur without additional, reliable, and reasonably priced natural gas.

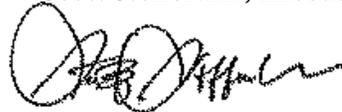

Shortages and lack of access to natural gas throughout the region are occurring at the same time that gas is being flared in western North Dakota because of a lack of gathering and distribution capacity.

For the future of the ProGold plant and to keep our 'literal' flame burning, we must find a solution to this problem that works for all. Perhaps getting a portion of gas that is now being lost to communities like Wahpeton can be achieved.

Mark Harless, Chairman

Scott Stofferahn, Executive Vice President

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Audit Committee and Board of Directors  
**Golden Growers Cooperative**  
West Fargo, North Dakota

**Opinion on the Financial Statements**

We have audited the accompanying balance sheets of **Golden Growers Cooperative** (the Cooperative) as of December 31, 2019 and 2018, and the related statements of operations, comprehensive income, changes in members' equity and cash flows for each of the years in the three-year period ended December 31, 2019, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Cooperative as of December 31, 2019 and 2018, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Cooperative's management. Our responsibility is to express an opinion on the Cooperative's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Cooperative in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Cooperative is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Cooperative's auditor since 2008.

Widmer Roel, PC  
Fargo, ND  
March 6, 2020

**MANAGEMENT'S DISCUSSION OF FINANCIAL RESPONSIBILITY**

The management of Golden Growers Cooperative is responsible for the preparation, integrity and objectivity of the accompanying financial statements and related information contained in this annual report. The accompanying financial statements have been prepared in conformity with generally accepted accounting principles. Where appropriate, management has included estimates and judgments it believes are reasonable under the circumstances.

As a means of fulfilling its responsibility for the integrity of financial information included in this annual report, management has established a system of internal controls to obtain reasonable assurance that assets are safeguarded and transactions are properly recorded. Although no system of internal controls can detect and prevent all errors and irregularities, management believes the established system provides reasonable assurance that material errors and irregularities will be detected. The Board of Directors has also engaged independent certified accountants to review and assess the effectiveness of the internal accounting control system and to audit the cooperative's financial statements.

The Board of Directors has formed a finance committee to meet on a regular basis to review accounting, internal control, auditing and financial reporting matters. In addition, the finance committee meets with independent certified public accountants to discuss the planning and results of their audits.

Scott B. Stofferahn  
Executive Vice President

## Golden Growers Cooperative

December 31, 2019, 2018, and 2017

### NOTE 1 - NATURE OF OPERATIONS

**Organization** - Golden Growers Cooperative was initially organized as a North Dakota member-owned cooperative incorporated on January 19, 1994 (“GG-ND”). GG-ND and two other partners, one of whom was American Crystal Sugar Company (“ACSC”) entered into a joint venture that formed ProGold Limited Liability Company, a Minnesota limited liability company (“ProGold”) which designed and constructed a corn wet-milling facility in Wahpeton, North Dakota (the “Facility”). Under the joint venture, GG-ND (and indirectly its members) had the right and obligation to deliver corn to be processed at the Facility. After it was constructed and operated briefly by its members, the Facility was leased to Cargill Incorporated (“Cargill”) who continues to operate the Facility under a lease that runs through December 31, 2022 and which will be automatically extended through 2023 in the event that either (i) Cargill has not, prior to December 31, 2021, exercised an option to purchase ACSC’s 50% interest in ProGold pursuant to an Option Agreement between Cargill and ACSC dated as of April 4, 2017 and effective as of January 1, 2018 or (ii) if the parties have not otherwise mutually agreed to extend or terminate the lease. Golden Growers Cooperative and ACSC are the current members of ProGold, with Golden Growers Cooperative holding a 49% interest and ACSC holding the remaining 51% interest.

On July 29, 2009 GG-ND formed a wholly owned cooperative subsidiary in the state of Minnesota (GG-MN), organized under Minnesota Statutes chapter 308A, solely for the purpose of reincorporating into the state of Minnesota. On September 1, 2009, GG-ND merged into GG-MN and reincorporated into the state of Minnesota. Immediately after the merger, GG-MN statutorily converted into a cooperative association governed under Minnesota Statutes 308B. As a result of its reincorporation and reorganization Golden Growers – North Dakota, a North Dakota cooperative association historically taxed as a tax-exempt cooperative under Subchapter T of the Internal Revenue Code, became Golden Growers Cooperative, a Minnesota cooperative association governed by Minnesota Statutes chapter 308B as a cooperative for state law purposes but taxed as a partnership under Subchapter K of the Internal Review Code for tax purposes. Golden Growers Cooperative succeeded to the business of Golden Growers – North Dakota and except for changes to the structure and operations as a result of the reincorporation and statutory conversion, continues to operate the business of Golden Growers – North Dakota.

As part of the Conversion, GG-ND’s members exchanged their shares of Class A Common Voting Membership Stock and Class B Non-Voting Equity Stock for identical and equal shares of such stock in GG-MN. Each member’s single share of Class A Common Voting Membership Stock was redeemed for \$150 and each member received membership units in GG-MN equal to the number of shares of Class B Non-Voting Equity Stock each member held in GG-ND prior to the Merger.

Prior to September 1, 2009, ownership of membership stock, which signified membership in the Cooperative, was restricted to producers of agricultural products. The ownership of equity stock was restricted to members of the Cooperative. Preferred stock could be held by persons who were not members of the Cooperative. At August 31, 2009 and 2008, the Cooperative had 10,000 shares of non-voting, \$1,000 par-value preferred stock authorized, of which none were issued or outstanding. Equity requirements, as determined by the board of directors, could be retained from amounts due to patrons and credited to members’ equity in the form of unit retains or allocated patronage.

The Cooperative reserved the right to acquire any of its stock offered for sale and the right to recall the stock of any member. In the event this right was exercised, the consideration paid for such stock was 25% of its book value.

Beginning September 1, 2009, ownership of membership units is available to any person or entity residing in the United States of America. Net proceeds or losses will be allocated to members on the basis of their patronage of the Cooperative.

In connection with the Conversion, the Cooperative changed its fiscal year end to December 31.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Significant Accounting Policies:

**Investments** – Effective January 1, 2018 the Cooperative adopted ASU 2016-01 Financial Instruments. The standard did not have a significant impact on the Cooperative’s financial statements. The Cooperative’s investment securities are held to maturity and recorded at amortized cost. The Cooperative’s investment in ProGold is recorded at historical cost plus its pro-rata share of ProGold’s net income and additional paid-in capital less distributions received from ProGold. Gains and losses are determined using the specific identification method.

**Cash and Cash Equivalents** – The Cooperative considers all demand accounts to be cash equivalents and overnight sweep accounts. Cash equivalents do not include money market accounts maintained by the Cooperative’s investment managers. Cash equivalents do not include any investment with a stated maturity date, regardless of the term to maturity.

**Income Taxes** – Since September 1, 2009, Golden Growers Cooperative has been taxed as a limited liability company under Subchapter K of the Internal Revenue Code. As such, the Cooperative is generally not subject to income taxes. Instead, net income is reported by its members who will be responsible for any income taxes which may be due. Prior to September 1, 2009, Golden Growers Cooperative was an exempt cooperative for federal income tax purposes. As such, the cooperative was generally not subject to income taxes. Instead, net proceeds were allocated to the Cooperative’s patrons who were responsible for any income taxes which may have been due. The Cooperative’s net financial basis in its assets and liabilities exceeded its tax basis by approximately \$7.3 million and \$7.1 million as of December 31, 2019 and 2018, respectively.

**Property and Equipment** – Property and equipment are stated at cost. Depreciation on assets placed in service is provided using the straight-line method over estimated useful lives ranging from 5 to 10 years.

**Accounting Estimates** – The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Leases** – Effective January 1, 2019, the cooperative adopted ASU 2016-

02 Leases. The standard increases the transparency and comparability among organizations by requiring the recognition of right-of-use (“ROU”) assets and lease liabilities on the balance sheet. The standard did not have a significant impact on the Cooperative’s financial statements.

**Revenue Recognition** — Effective January 1, 2018, the Cooperative adopted ASU 2014-09, Revenues from Contracts with Customers. The core principle of the revenue guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Cooperative determined that the timing, pattern and amount of revenue recognized under the new standard is substantially the same as previously recognized by the Cooperative.

The Cooperative’s members are contractually obligated to annually deliver corn to the Cooperative by either Method A or Method B or a combination of both. Under Method A, a member is required to physically deliver corn to the cooperative and under Method B a member appoints the cooperative as its agent to arrange for the acquisition and delivery of corn on the member’s behalf. The Cooperative contractually appoints Cargill as its agent to arrange for the delivery of the corn by its members who elect to deliver corn using Method A and to acquire corn on its behalf for its members who elect to deliver corn using Method B. In exchange for these services, commencing on January 1, 2018 the Cooperative paid Cargill an annual fee of \$60,000, paid in quarterly installments. The price per bushel paid to the member who elects to deliver corn using Method B is equal to the price per bushel paid by Cargill to acquire the corn as the Cooperative’s agent. Members who deliver corn under Method A are paid the market price or contracted price for their corn at the time of delivery. The Cooperative pays members who deliver corn under Method A an incentive payment of \$.05 per bushel while members who elect Method B to deliver corn pay the Cooperative a \$.02 per bushel agency fee for the cost of having the Cooperative deliver corn on their behalf. The board has the discretion to change the incentive fee and the agency fee based on the Cooperative’s corn delivery needs. The incentive fee and agency fee are a component of Corn Expense.

With respect to all Method A corn that is delivered, Cargill reports the purchase price as the product of Method A bushels delivered during a month and the average purchase price for the month. If at the conclusion of the year, a Method A member fails to fully satisfy the corn delivery

## NOTE 2 - Continued

requirement, Cargill will purchase replacement corn. The member with a Method A shortfall will be responsible for a purchased corn fee payable to Cargill and an agency fee determined by the Board of Directors for all bushels needed to complete their annual Method A delivery.

The Cooperative shall notify Cargill of the number of Method B bushels to be purchased during the quarter. Cargill will certify to the Cooperative that it has purchased the necessary Method B bushels. Method B corn revenue will be determined to be equal to the price paid. The Cooperative has determined Corn Expense for Method B deliveries based on the average quarterly cost per bushel paid by Cargill to the Cooperative's members for Method A quarterly deliveries.

**Concentrations** - Several times during the year, the Cooperative maintained a cash balance in excess of the Federal Deposit Insurance Corporation ("FDIC") limits. At December 31, 2019, the Cooperative's cash balance exceeded the FDIC insurance limits by approximately \$3.1 million.

**Fair Value Measurements** - The Cooperative has determined the fair

value of certain assets and liabilities in accordance with the provisions of Accounting Standards Codification ("ASC") 820-10, which provides a framework for measuring fair value under generally accepted accounting principles.

ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels. Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. Level 3 inputs are unobservable inputs related to the asset or liability.

## NOTE 3 - PROGOLD LIMITED LIABILITY COMPANY

The Cooperative has a 49% ownership interest in ProGold LLC. Following is summary financial information for ProGold LLC (in thousands):

	2019	<u>December 31,</u> 2018	2017
Current Assets	\$ 230	\$ 245	\$ 514
Long-Term Assets	<u>38,962</u>	<u>39,643</u>	<u>39,843</u>
Total Assets	<u>\$ 39,192</u>	<u>\$ 39,888</u>	<u>\$ 40,357</u>
Current Liabilities	\$ 5	\$ 5	\$ 5
Long-Term Liabilities	<u>2,333</u>	<u>1,167</u>	<u>-</u>
Total Liabilities	<u>2,338</u>	<u>1,172</u>	<u>5</u>
Members' Equity	<u>36,854</u>	<u>37,716</u>	<u>40,352</u>
Total Liabilities and Members' Equity	<u>\$ 39,192</u>	<u>\$ 38,888</u>	<u>\$ 40,357</u>
Rent Revenue on Operating Lease	\$ 19,085	\$ 17,571	\$ 22,873
Expenses	<u>3,445</u>	<u>3,440</u>	<u>2,905</u>
Net Income	<u>\$ 15,650</u>	<u>\$ 14,131</u>	<u>\$ 19,968</u>

## NOTE 4 - INVESTMENTS

The Cooperative has determined fair value of its investments held to maturity based on Level 2 inputs (in thousands).

	Level 1	Level 2	Level 3	Total
December 31, 2019				
Corporate Bonds	\$ -	\$ 4,772	\$ -	\$ 4,772
Money Market & CD's	-	336	-	336
	<u>\$ -</u>	<u>\$ 5,108</u>	<u>\$ -</u>	<u>\$ 5,108</u>
December 31, 2018				
Corporate Bonds	\$ -	\$ 2,165	\$ -	\$ 2,165
Money Market & CD's	-	2,757	-	2,757
	<u>\$ -</u>	<u>\$ 4,922</u>	<u>\$ -</u>	<u>\$ 4,922</u>

The Cooperative's investments held to maturity are as follows as of December 31, 2019 and 2018 (in thousands):

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
December 31, 2019				
Corporate Bonds	4,691	81	-	4,772
Money Market & CD's	336	-	-	336
	<u>\$ 5,027</u>	<u>\$ 81</u>	<u>\$ -</u>	<u>\$ 5,108</u>
December 31, 2018				
Corporate Bonds	2,164	2	(1)	2,165
Money Market & CD's	2,757	\$ -	\$ -	\$ 2,757
	<u>\$ 4,921</u>	<u>\$ 2</u>	<u>\$ (1)</u>	<u>\$ 4,922</u>

Corporate bond maturities are as follows as of December 31, 2019 (in thousands):

	Less than 1 Year	1 to 5 Years	Greater than 5 Years	Total
Corporate Bonds	\$ 2,757	\$ 3,014	\$ 206	\$ 4,691
	<u>\$ 2,757</u>	<u>\$ 3,014</u>	<u>\$ 206</u>	<u>\$ 4,691</u>

## NOTE 5 - INCOME TAXES

The Cooperative follows the provisions of ASC 740-10 related to accounting for uncertainty in income taxes.

The Cooperative had no unrecognized tax benefits on December 31, 2019 and 2018. No interest or penalties are recognized in the statements of operations or in the balance sheets.

The Cooperative recognized no income tax expense for the years ended December 31, 2019, 2018 and 2017.

## NOTE 6 - EMPLOYEE BENEFIT PLANS

**Pension Plan** – In December 2012, the Cooperative approved a change to freeze the Cooperative’s defined benefit pension plan as of January 1, 2013. As a result, no additional benefits will accrue to participants in the plan and no new employees are eligible for the plan. During the year ended December 31, 2019, 2018 and 2017, the pension expenses were \$0, \$4,000, and \$6,000, respectively.

As of December 31, 2019, the pension plans were funded as required by the funding standards set forth by the Employee Retirement Income Security Act (ERISA).

The Cooperative’s Compensation Committee has the responsibility of managing the operations and administration of the Cooperative’s retirement plans. The Cooperative has an investment policy that establishes target asset allocations to reduce the risk of large losses. Asset classes are diversified to reduce risk, and equity exposure is limited to 50% of the total portfolio value. The investment objective is to achieve a rate of return sufficient to fully fund the pension obligation of the plan without assuming undue risk through investment vehicles with no greater than average variability of the markets themselves.

Substantially all of the Plan’s assets consist of Collective Investment Trusts or Mutual funds (Fund) and are valued based on Level 1 or Level II inputs, as determined from the Fund’s ASC 715-30 footnote included in the Fund’s audited financial statements. The Fund’s valuation techniques include market matrix pricing and market inputs, including benchmark yields, reported trades, broker/dealer quotes and others. There has been no changes in valuation techniques and inputs in 2019, 2018 and 2017.

The assumptions used in the measurement of the Cooperative’s benefit obligations are shown below:

	2019	2018
Discount Rate	3.50%	4.50%
Expected Return on Plan Assets	5.45%	5.18%
Rate of Compensation Increase	N/A	N/A

The following schedule reflects the expected pension benefits payments during each of the next five years and the aggregate for the following five years (in thousands):

	<u>Expected Benefits Payments</u>
2020	55
2021	55
2022	55
2023	50
2024	49
2025-2029	<u>240</u>
Total	<u>\$ 504</u>

The Cooperative does not expect to contribute to the defined benefit pension plan during the next fiscal year.

## NOTE 6 - Continued

The following schedules provide the components of the Net Periodic Pension Costs for the periods ended December 31, 2019, 2018, and 2017 (in thousands):

	2019	December 31, 2018	2017
Interest Cost	\$ 26	\$ 32	\$ 33
Expected Return on Plan Assets	(44)	(38)	(52)
Amortization of Net (Gain) Loss	-	77	4
Net Periodic Pension Cost	<u>\$ (18)</u>	<u>\$ 71</u>	<u>\$ (15)</u>

The following schedules set forth a reconciliation of the changes in the plan's benefit obligation and fair value of assets for the periods ending December 31, 2019 and 2018 and a statement of the funded status and amounts recognized in the Balance Sheets and Accumulated Other Comprehensive Income as of December 31, 2019 and 2018 (in thousands):

Change in Benefit Obligation	2019	December 31, 2018
Obligation at the Beginning of the Period	\$ 734	\$ 759
Service Cost	-	-
Interest Cost	32	32
Actuarial (Gain) Loss	73	(2)
Benefits Paid	<u>(55)</u>	<u>(55)</u>
Obligation at the End of the Period	<u>\$ 784</u>	<u>\$ 734</u>
Change in Plan Assets		
Fair Value at the Beginning of the Period	766	837
Actual Returns on Plan Assets	133	(20)
Employer Contributions	-	4
Benefits Paid	<u>(55)</u>	<u>(55)</u>
Fair Value at the End of the Period	<u>\$ 844</u>	<u>\$ 766</u>
Funded Status		
Funded Status as of Period Ended	<u>\$ 60</u>	<u>\$ 31</u>
Net Amount Recognized	<u>\$ -</u>	<u>\$ -</u>

## **NOTE 6 - Continued**

**401(k) Plan** - The Cooperative has a 401(k) plan that covers employees that meet eligibility requirements. The Cooperative's contributions to the plan totaled \$6,931, \$6,602, and \$4,604 for the years ended December 31, 2019, 2018 and 2017, respectively.

## **NOTE 7 - COMMITMENTS AND CONTINGENCIES**

The Cooperative contracted with Cargill, Incorporated in connection with the procurement of corn which includes payments of \$60,000 in 2019. The contract continues until the termination of the second amended and restated facility lease agreement between ProGold and Cargill, which was effective as of January 1, 2018.

On April 4, 2017, the Cooperative, Cargill, and American Crystal entered into a Consent Agreement, effective on January 1, 2018, relating to the lease of ProGold's wet-milling facility to Cargill and the Cooperative's interest in ProGold. On the same day, Cargill and American Crystal entered into an Option Agreement, effective on January 1, 2018, detailing the price, term and other conditions under which American Crystal grants to Cargill an exclusive option to purchase a 50% interest in ProGold from American Crystal during the first four years of the lease. Under the Consent Agreement, the Cooperative approves and consents to the transfer of the 50% interest in ProGold from American Crystal to Cargill in the event Cargill exercises its option. The Cooperative also secures the right to purchase American Crystal's remaining 1% interest in ProGold for a base price ranging from \$1.7 million to \$1.3 million, depending on when Cargill notifies American Crystal of its intention to exercise its option. The Cooperative would also be required to pay to American Crystal a capital adjustment in an amount equal to 1% of the portion of costs that have not been paid by Cargill to ProGold through additional rent with respect to certain projects at the facility. In the event Cargill intends to exercise its option, before exercising such option, Cargill and the Cooperative will expeditiously and in good faith work together to finalize agreements for the structure, governance and operation of ProGold according to certain operational principles and other guideline terms as provided in a Memorandum of Understanding attached to the Consent Agreement.

## **NOTE 8 - LINE OF CREDIT**

The Cooperative established a \$2,000,000 line of credit with a variable interest rate based on the prime rate that terminates on October 16, 2020. The line of credit is secured by the Investment Management Agency account for Golden Growers maintained by Bell Bank. There is no outstanding balance as of December 31, 2019.

## **NOTE 9 - SUBSEQUENT EVENTS**

In February of 2020, the Cooperative declared a distribution of \$2,168,667, or \$0.14 per outstanding membership unit.

Management has reviewed subsequent events through March 6, 2020 the date to which the financial statements were available to be issued and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
